Our Mission

As a student organization at the University of Toronto Mississauga (UTM), the Middle Eastern Students' Association goal is to work with and for students. By doing so, we are creating a platform for individuals of Middle Eastern descent and those with an interest in socializing to express their similarities and learn from their differences.

We strive to unite Middle Eastern students at UTM across linguistic, cultural, and ethnic boundaries. By doing this, we will be able to enrich the student body of UTM and ensure that students have a sense of belonging to the university.

We organize events that will provide a forum for students to unwind and meet one another, both on and off campus while sharing common interests. The aim of this initiative is to provide a platform for Middle Eastern students to showcase their culture and represent their ethnicities to the fullest extent possible

About Haritna

MESA's Hartina is the largest, most popular charitable event presented each year with over 500 attendees.

The first component of the event is the bazaar, which showcases jewelry, clothing, decor, and food from Middle Eastern businesses.

Our second component involves a variety of performers from singers, dancers, artists, poets, comedians, etc., representing the diversity of Middle Eastern cultures.

The Theme: انقطعت الكهرباء

'The electricity cut off' is this year's theme, a humorous and memorable experience that many people have encountered in their lives.

This event is intended to foster a sense of community by providing entertainment and nostalgia while sharing our beautiful and welcoming culture
